Developer Support Website

Goals for Initial Phase:

- Provide a location for registered users to assist in resolving technical issues
- Provide a dynamic “System Access Information” document for URL’s, Endpoints
- Compile all CAISO Web Service artifacts in one central location
 - WSDL URL’s will be predictable to facilitate automation
- Provide Troubleshooting and FAQ for common technical issues

Developer Support Website

Next Steps:

- Focus on linking existing documentation on www.caiso.com

Developer Support Website
