- April 22 – comments due from stakeholders on revised proposal

Note: These dates are tentative until confirmed by a market notice.

Current Stakeholder Initiatives – Regional

Metering Rules Enhancements

This initiative will review existing metering requirements and propose possible revisions to accommodate the growth in renewables, energy storage and distributed energy resources; technology advancements, developer interest in new and complex metering configurations; expansion of regional markets through the energy imbalance market; and, the potential integration of other balancing authority areas into the ISO balancing authority area.

Upcoming activities:

- March 17 - Stakeholder comments due on straw proposal

- April 19 – ISO will post a revised straw proposal

Note: These dates are tentative until confirmed by a market notice.

Upcoming Stakeholder Initiatives (Tentative dates)

Greenhouse Gas Compliance – Targeted to start in late March 2016

This initiative will review potential changes to the existing EIM approach for tracking GHG compliance obligations needed to support an expanded ISO balancing authority area that encompasses states outside of California

Full Network Model Enhancements – Targeted to start in July 2016

Note: These dates are tentative until confirmed by a market notice.
