**Notice of Tariff Change**

**[ ]**

Take notice that on September 11, 2000, the California Independent System Operator Corporation (ISO) tendered for filing a proposed amendment (Amendment No. 30) to the ISO Tariff. Amendment No. 30 would, in compliance with the Commission's Order in San Diego Gas & Electric Company, et al., 92 FERC ¶ 61,172 (2000), make certain changes to the ISO Tariff to permit the ISO to engage in limited forward contracting and to allocate the costs for those contracts to Scheduling Coordinators whose forward schedules do not reflect their actual real-time Demands. The ISO asks for waiver of Section 35.3 of the Commission's regulations to permit Amendment No. 30 to become effective upon its filing.

The ISO states that this filing has been served upon the Public Utilities Commission of California, the California Energy Commission, the California Electricity Oversight Board, and all parties with effective Scheduling Coordinator Agreements under the ISO Tariff.

Any person desiring to be heard to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. " 385.211, 385.214). All such motions or protests should be filed in accordance with § 35.9 of the Commission's regulations. Protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
