Dear Mr. Weaver:

On January 4, 2017, the California Independent System Operator Corporation (CAISO) submitted for filing a non-conforming large generator interconnection agreement (LGIA) among itself; San Diego Gas & Electric Company; and Arlington Valley Solar Energy II, LLC (Arlington Valley). CAISO notes that the LGIA provides for the interconnection of a solar photovoltaic generating facility located in Maricopa County, Arizona. The LGIA is accepted for filing, effective March 6, 2017, as requested.

The filing was noticed on January 5, 2017, with comments, protests, or interventions due on or before January 25, 2017. No protests or adverse comments were filed. Notices of intervention and unopposed timely filed motions to intervene are granted pursuant to the operation of Rule 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.214). Any opposed or untimely filed motion to intervene is governed by the provisions of Rule 214.

the filed documents; nor shall such action be deemed as recognition of any claimed contractual right or obligation affecting or relating to such service or rate; and such action is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against CAISO.
