Reference: Revised *pro forma* Reliability Must-Run Contract

Dear Ms. Davies:

On November 21, 2008, the California Independent System Operator Corporation (CAISO) submitted for filing a revised tariff sheet to the *pro forma* Reliability Must-Run (RMR) Contract under the CAISO tariff.<sup>1</sup> The CAISO states that the revision is intended to comply with the directive set forth in the Commission's October 1, 2008 Order<sup>2</sup> conditionally accepting the *pro forma* RMR Contract. In the October 1 Order, the Commission directed the CAISO to ensure that the definition of "CAISO Controlled Grid" used in the *pro forma* RMR Contract is consistent with the definition of that same term as defined in Appendix A of the MRTU tariff. The CAISO states that, consistent with the convention adopted for other definitions in the *pro forma* RMR Contract that are also in Appendix A of the MRTU tariff, it has modified the tariff definition of "CAISO Controlled Grid" in the *pro forma* RMR Contract to refer directly to the definition in Appendix A. Consistent with the effective date established in the October 1 Order, the revised tariff sheet is accepted, effective upon the date of MRTU implementation. We also direct the CAISO to make an informational filing specifying the effective date of the tariff sheets accepted herein prior to MRTU implementation.

<sup>1</sup> The CAISO has designated this tariff sheet as First Revised Sheet No. 1231, FERC Electric Tariff, Fourth Revised Volume No. 2.
