California Independent System Operator Corporation

Docket No. ER06-615-002

NOTICE OF EXTENSION OF TIME AND DEFERRAL OF REPORTING
REQUIREMENT

(July 27, 2009)

On May 5, 2009, the California Independent System Operator Corporation (CAISO) filed a motion requesting that the Commission eliminate the joint quarterly seams reporting established in Commission orders related to the implementation of the CAISO's Market Redesign and Technology Upgrade (MRTU).¹ The CAISO states that these reporting requirements are no longer necessary in light of the launch of MRTU and the CAISO's commitment to participate in seams discussions in other fora. Xcel Energy Services Inc. and Western Area Power Administration filed answers.

Upon consideration, notice is hereby given that an extension of time and deferral of the seams reporting requirement are granted, pending further Commission action on the CAISO's motion.
