**Re: California Independent System Operator Corporation,
Docket No. ER06-615-____
Informational Filing per CAISO Tariff Section 39.7.1.3.2
Request for Privileged Treatment Under 18 C.F.R Section 388.112**

Dear Secretary Bose:

Pursuant to Section 39.7.1.3.2 of its tariff, the California Independent System Operator Corporation (“CAISO”) submits this informational filing containing the rates or formulas used to calculate negotiated default energy bids, custom operations and maintenance adders, and major maintenance adders that were implemented, modified or terminated in the month of February 2016. This filing includes information on one new and fifteen revised major maintenance adders (Attachment A), and two revised negotiated default energy bids (Attachment B) that went into effect in February 2016. There were no new, revised, or terminated custom operations and maintenance adders for the month of February 2016.

I. REQUEST FOR CONFIDENTIAL TREATMENT

Section 20.2 of the CAISO tariff requires that the CAISO treat individual bids from scheduling coordinators as confidential. Negotiated default energy bids and start-up and minimum load costs, which include customer operations and maintenance, and major maintenance adders, are components of bids. Accordingly, pursuant to section 20.2 of the CAISO tariff, the ISO has labeled the documents included with this filing as confidential. In addition, the documents contain proprietary information regarding specific generating units, such as unit efficiency factors, scaling factors, and operation and maintenance costs. For these reasons, the Commission should accord these attachments privileged treatment pursuant to 18 C.F.R. Section 388.112.
