

FEDERAL ENERGY REGULATORY COMMISSION  
WASHINGTON, D.C. 20426

California Independent System  
Operator Corporation  
Docket No. ER11-2883-000  
**March 14, 2011**

California Independent System  
Operator Corporation  
250 Outcropping Way  
Folsom, CA 95630

Attention: Michael Dozier, Esquire  
Senior Counsel for the California Independent  
System Operator Corporation

Reference: Large Generator Interconnection Agreement

Dear Mr. Dozier:

On February 14, 2011, the California Independent System Operator Corporation (CAISO) filed a Large Generation Interconnection Agreement (DPT 1 LGIA) among the CAISO, Southern California Edison Company (SoCal Edison) and Solar Partners I, LLC for the DPT 1 project. CAISO notes that the DPT 1 LGIA was originally filed by SoCal Edison in Docket No. ER10-732-000 and CAISO did not, at that time, submit a filing of this LGIA. The Commission accepted SoCal Edison's filing of the DPT 1 LGIA in an order on rehearing in Docket Nos. ER10-732-000 and ER10-732-001 and made the DPT 1 LGIA effective February 13, 2010.<sup>1</sup> The CAISO states it is submitting the DPT 1 LGIA into the eTariff system as a non-conforming service agreement of the CAISO and requests the same effective date. Waiver of the Commission's notice requirements pursuant to section 35.11 of the Commission's rules and regulations (18 C.F.R. § 35.11) is granted and the proposed DPT 1 LGIA is accepted for filing, effective February 13, 2010, as requested.<sup>2</sup>

---

<sup>1</sup> See Southern California Edison Company, 132 FERC ¶ 61,150 (2010).

<sup>2</sup> Please note that since CAISO's baseline ETariff for Non-Conforming Service Agreements became effective July 28, 2010, this submittal for ETariff purposes, is also effective July 28, 2010 since the software does not permit effective dates prior to the effective date of the baseline submittal.

This filing was noticed on February 15, 2011 with comments, protests, or motions to intervene due on or before March 7, 2011. No protests or comments were filed. Notices of intervention and unopposed timely filed motions to intervene are granted pursuant to the operation of Rule 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.214). Any opposed or untimely filed motion to intervene is governed by the provisions of Rule 214.

This acceptance for filing shall not be construed as constituting approval of the referenced filing or of any rate, charge, classification or any rule, regulation or practice affecting such rate or service contained in your tariff; nor shall such acceptance be deemed as recognition of any claimed contractual right or obligation associated therewith; and such acceptance is without prejudice to any findings or orders which have been or any which may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against the California Independent System Operator Corporation.

This action is taken pursuant to the authority delegated to the Director, Division of Electric Power Regulation – West, under 18 C.F.R. § 375.307. This order constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this order pursuant to 18 C.F.R. § 385.713.

Sincerely,

Steve P. Rodgers, Director  
Division of Electric Power  
Regulation - West
