Meeting Minutes Review and Updates

The ISO currently publishes a daily market watch for both Day-Ahead and Real-Time market in PDF format. Starting with trade date January 1, 2019, the ISO will be publishing both these reports in a new HTML format. Beginning on January 1, 2019, the ISO implemented changes to the CRR settlements, the new day-ahead daily market watch report contains new metrics related to the CRR markets. During the last call on December 20th, we received a question about the information posted on CMRI as it relates to a transmission constraint or outage enforced due to an outage. This process is currently impacted by a software defect and the ISO is working with its vendor to resolve this issue.

Weekly Market Performance Report

For December 12 – December 24, 2018 the markets were generally quiet and there were very few price excursion due load conditions and very few outages in the system due to load conditions.

General Reminders

- **NOTE:** The current best practice, and preferred method, of asking questions is to route through the **Customer Inquiry, Dispute and Information** system, “CIDI”.
- Please submit your questions ahead of the call; there are occasions when we have to gather information: submission ahead of time allows us more preparation time to reply.

¹ The California ISO (CAISO) hosts this bi-weekly market update conference call, generally at 10:15AM PST bi-monthly on Thursdays. This call is an opportunity for market participants to ask general questions regarding the market. Please send any questions to [CIDI system](#), which includes questions that have proprietary information and that might be commercially sensitive. Only general market-related questions which are neither proprietary, nor non time-sensitive should be sent to market_issues@caiso.com.

- To add general comments/questions/requests to the **action item list or meeting agenda**, market participants should also open corresponding CIDI tickets with both the Functional Environment as “Market Performance” and SCID as “XPUB” by close of business (COB) on Mondays.
