

## Market Update Call Meeting Minutes

November 30, 2023<sup>1</sup>

### Agenda

- 1) Updates and Meeting Minutes Review – Auswin Thomas
- 2) Weekly Performance Report – Auswin Thomas
- 3) Price Correction Reports – Auswin Thomas
- 4) General Questions/ Comments– Auswin Thomas

### Updates

A Market Planning and Performance Forum is planned for December 14, 2023 so the December 14 Market Update call will be cancelled.

### Bi-Weekly Market Performance Report

The CAISO posted the bi-weekly market performance report for November 8-21, 2023. The maximum day-ahead cleared demand was 28,330 MW and the maximum day-ahead DLAP price was \$126.07/MWh for the two weeks. The reasons for the price excursions in the fifteen-minute and five-minute markets are documented.

### Review of the Price Correction Report

During the week of November 13-19, 2023, the CAISO processed five intervals for price correction due to software defects. During the week of November 20-24, 2023, the CAISO processed 50 intervals for price correction due to software defects and/or data input errors.

### General Questions

**Q:** When will the agenda for the Market Planning and Performance Forum be published?

**A:** The ISO targets publication one week prior to the meeting.

**Q:** How did the nomogram OMS\_14369435\_Miguel\_BK80 impact San Diego area prices?

**A:** Shift factors related to binding constraints is available on the Market Participant Portal when the appropriate non-disclosure agreement is executed.

---

<sup>1</sup> The California ISO (CAISO) hosts this bi-weekly market update conference call, generally at 10:15AM PST bi-monthly on Thursdays. This call is an opportunity for market participants to ask general questions regarding the market. Please send any questions to [CIDI system](#), which includes questions that have proprietary information and that might be commercially sensitive.
