On August 13, 2002, the Commission ordered an investigation under section 206 of the Federal Power Act (FPA), 16 U.S.C. § 824e (1994), into instances of possible misconduct by two Enron Corporation affiliates-- Enron Power Marketing, Inc. ("EPMI") and Portland General Electric Company ("Portland") (collectively, "Enron")-- to determine whether misconduct occurred and, if so, to determine remedies, including possibly refunds and/or revocation of Portland's and/or Enron's market-based rate authority.

III. BASIS FOR MOTION TO INTERVENE

The ISO is a non-profit public benefit corporation organized under the laws of the State of California and responsible for the reliable operation of a grid comprising the transmission systems of Pacific Gas & Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and the City of Vernon. As the operator of this grid, the ISO believes that it has a unique interest in any Commission proceeding concerning the issues raised in the captioned proceeding.
