Docket No. ER05-303-000

**MOTION TO INTERVENE OF THE
CALIFORNIA INDEPENDENT SYSTEM OPERATOR CORPORATION**

Pursuant to Rule 214 of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (“Commission”), 18 C.F.R. § 385.214, and the Commission’s December 8, 2004 Notice of Filing, the California Independent System Operator Corporation (“ISO”) submits this Motion to Intervene in the above-captioned proceeding. In support thereof, the ISO states as follows:

I. DESCRIPTION OF THE PROCEEDING

On December 6, 2004, CalPeak Power—Enterprise, LLC (“CalPeak Enterprise”) submitted for filing and acceptance an executed Reliability Must-Run Service Agreement (“RMR Agreement”), and accompanying rate schedules, between CalPeak Enterprise and the ISO. On December 22, 2004, CalPeak Enterprise submitted corrected rate schedules sheets at the request of the ISO. CalPeak—Enterprise requests an effective date of January 1, 2005.

II. DESCRIPTION OF THE ISO AND COMMUNICATIONS

The ISO is a non-profit public benefit corporation organized under the laws of the State of California with a principal place of business at 151 Blue Ravine Road, Folsom, CA 95630. The ISO is the Control Area operator responsible for the reliable operation of the electric grid comprising the transmission systems of a number of utilities including San Diego Gas & Electric Company (“SDG&E”), as well as the coordination of the ancillary services and real-time electricity markets in California.

The ISO requests that all communications and notices concerning this motion and these proceedings be provided to:

III. ISO’S INTEREST

Cal-Peak Enterprise’s RMR Unit is located within SDG&E’s transmission system and is needed to maintain the reliability of the ISO Controlled Grid. As the Control Area operator and as the counterparty to the RMR Agreement, the ISO has a unique interest in any Commission proceeding that affects an RMR Agreement. Accordingly, the ISO has a direct and substantial interest in this proceeding and requests that it be permitted to intervene. Because no other

party can adequately represent the ISO's interests in this proceeding, the ISO's intervention is in the public interest and should be granted.

IV. CONCLUSION

For the foregoing reasons, the ISO respectfully requests that the Commission grant this Motion to Intervene and make the ISO a party in the above-caption proceeding with full rights of participation.

Respectfully submitted
