DP
APRIL POSTING

The following posting is of the Dispatch Protocol of the ISO Tariff (“DP”) as modified by previously posted Amendments that have now been accepted for filing by the Federal Energy Regulatory Commission (“FERC”), in an order issued on March 30, 1998.¹

This posting is intended to apprise the public of the current terms of the DP following the ISO Tariff Amendment process that commenced in February 1998.

Amendment No. 6, originally filed with FERC on March 23, and docketed as Nos. EC96-19-021 and ER96-1663-022, was accepted by FERC with modifications and is therefore incorporated herein as so modified, to the extent that it amends the DP.
