### **WECC Confidentiality Agreement:**

If the Requesting Entity does not already have an approved WECC Confidentiality Agreement with WECC, the Requesting Entity must enter into the WECC Confidentiality Agreement. The form is attached to these instructions. Submit the completed form to [CAISONDA@caiso.com](mailto:CAISONDA@caiso.com) for submission to WECC.

Please submit all completed and signed forms to:

## **(2) Establishing a User Access Administrator**

The Requesting Entity **must establish a User Access Administrator (UAA)** if the entity does not already have one. **ONLY** the UAA is authorized to submit an Application Access Request Form on behalf of the entity. To establish a UAA, the Requesting Entity must read the [User Access Administrator Establishment and Requirements](#) and complete and submit a [User Access Administrator Agreement](#). Upon approval, the Requesting Entity's UAA will receive an email instructing them to register their new certificate, followed by a second email instructing them to download their certificate.

## **(3) Requesting Application Access**

Once the TPP NDA has been approved, a UAA has been established, and the UAA has registered and downloaded their certificate, the UAA must submit a request for access to the transmission planning application in AIM for individuals who have executed an Exhibit A. Please note that it can take up to 10 business days for access to be provisioned. Additional instructions regarding requests for digital access are located [here](#). The Application Access web page is located [here](#). Additional information regarding Transmission Planning is located [here](#).

## **(4) Adding/Removing Users under an existing NDA**

This section applies if a Requesting Entity has already entered into a TPP NDA and simply needs to add or remove an employee.

- **To add an employee:** New users must read the Requesting Entity's existing TPP NDA and execute an Exhibit A. The Exhibit A (first paragraph) **must reference the effective date of the existing TPP NDA.** The Requesting Entity's UAA must then **(1)** submit the Exhibit A to [caisonda@caiso.com](mailto:caisonda@caiso.com) for processing and approval; **(2)** upon approval, log in to the ISO's Access and Identity Management ([AIM application](#)) and create a new user, and **(3)** submit a request for access for the new user.
- **To remove an employee:** The UAA must **(1)** notify [caisonda@caiso.com](mailto:caisonda@caiso.com) of the change; and **(2)** log in to the [AIM application](#), click on the users tab, then click the profile button of the user and in the pop-up window press the revoke button. This will revoke all access the employee has to our systems, including the employee's certificates.
