

Decision Regarding Tariff References to Reliability Coordinator and Applicable Reliability Criteria

Andrew Ulmer
Senior Counsel

ISO Board of Governors Meeting
General Session
October 28-29, 2008

WECC changes require changes to the ISO's tariff:

- Delete tariff references to the ISO as reliability coordinator
- Generalize tariff references to reliability criteria for procurement of ancillary services
 - Aligns the ISO tariff with changes to reliability criteria

The ISO completed a stakeholder process.
