

- MARKET NOTICE -

Pursuant to the procedure outlined in Amendment No. 10 to the ISO Tariff, filed July 27, 1998, and the Commission's order dated August 1, 1998, approving such amendment, the ISO hereby gives notice that it will accept bids and self-provision of external imports of Spinning Reserve, Non-Spinning Reserve and Replacement Reserve from Ancillary Service resources located outside of the ISO's control area for Wednesday's Day-Ahead Market for Operating Day Thursday August 6. The ISO will accept bids for the Hour-Ahead market upon close of the Day-Ahead Market.

All Scheduling Coordinators that intend to bid or self-supply Ancillary Services from resources outside of the ISO control area must be certified by the ISO in accordance with the certification form issued by the ISO on July 30, 1998. In addition, all Scheduling Coordinators are required to submit their schedules according to the procedures issued by the ISO on Monday, August 3, 1998.
