### **CALIFORNIA ISO OFFICERS TO DISCUSS AUGUST BOARD MEETING**

(Folsom, CA) Please join officers of California ISO for a media teleconference to re-cap this month's Board of Governors meeting. Representing the Cal-ISO will be Chief Executive Officer, Terry Winter, CFO William Regan, Chief Counsel, Beth Emery, and Vice-President of Operations, Kellan Fluckiger. These officers will be discussing the details and decisions of the previous days' proceedings. The officers will also comment on the "listen-only" call-in access offered at their Board of Governors session.

As electricity restructuring picks up steam across the country, the issues raised by the California ISO are gaining greater importance in the national debate. In response to this trend, the Cal-ISO is inaugurating this type of teleconference. By conducting it, the California ISO hopes to make information about their organization more accessible and to raise awareness on matters that affect its control area and beyond.

**For more information on the items that will be discussed, please review the agenda for this month's Board of Governor's meeting at the Cal-ISO website: [www.caiso.com](http://www.caiso.com) under Public Notices/ Board of Governors/ Meetings and Agendas. This web address lists matters the committees will be discussing and their meeting schedule.** Please join us for this teleconference on Friday, August 27, at 10:30 a.m. Pacific Time.
