Q. Please state your name and business address.

A. My name is Mark Willis. My business address is California Independent System Operator, 151 Blue Ravine Road, Folsom, CA 95630

Q. Briefly describe your responsibilities at the California Independent System Operator (CA ISO).

A. I am a Senior Operations Engineer in the Operations Engineering and Maintenance Department. One of my primary job responsibilities for the CA ISO is the real-time engineering analysis and support for the CA ISO Controlled Grid 500 kV system, including technical analysis of and operations support for Path 15.

Q. Please summarize your educational and professional background.

A. I received a Master of Science degree in Electrical Engineering from Washington State University in 1994. After graduation, I worked for Northern Technologies, Inc. as a Research and Development Engineer until January 1996. From January 1996 to December 1997, I worked for Pacific Gas and Electric Company in System Operation, first as an Operations Engineer, and then as a Senior Operations Engineer. In December 1997, I joined the California ISO as an Operations Engineer. I have over 5 years experience in electric transmission system operations.

Q. Does this conclude your statement of qualifications?

A. Yes.
