Subject: Comments on the RIMPR Oct. 11 Roadmap
Date: Friday, October 21, 2011 10:29:42 AM

Dear CAISO,

A123 welcomes the inclusion of a pay-for-performance initiative within the updated RIMPR roadmap (page 11). The dates for this initiative are currently listed as TBD, conditioned on FERC action. Since FERC issued a Final Rule on Frequency Regulation Compensation on Thursday October 20, A123 recommends that this initiative be scheduled to comply with the implantation dates outlined in the rule.

Sincerely,

Eric Hsieh
Regulatory Affairs Manager
