Meeting*

Folsom, CA

May 29, 2014

Agenda

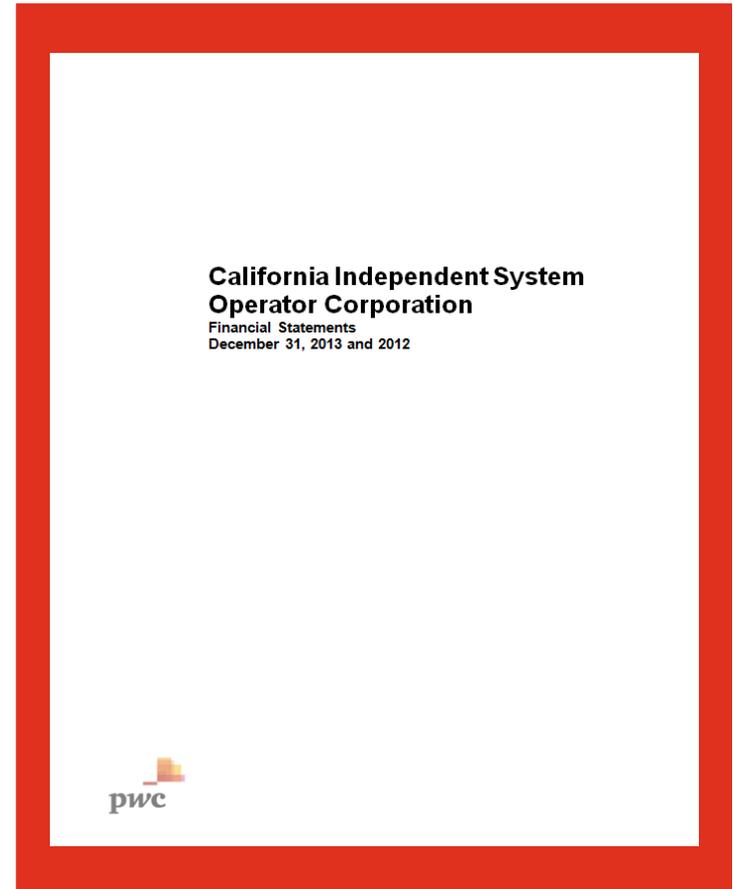

- Results of audit
- Description of financial statements
- Key audit areas
- Required communications
- Independence
- Closing

Results of audit

- Audits are complete
 - Audit reports have been issued
 - Two sets of financial statements
 - General purpose – GAAP
 - Statutory – FERC
 - ISO Management prepared the financial statements
 - PwC audited the financial statements
- The PwC audit opinions are standard and unqualified
- Form and content of the financial statements are similar to prior years

Corporate financial statements

- General purpose use
 - Annual report
 - Financial users
- Basis of accounting – State and Local Government (GASB)
 - Required based on state government board appointment process
 - Differs from private accounting principles – some investments; benefit plans
- Audit comments
 - These are the primary statements; prepared first
 - Audit is focused on these statements– over 90% of audit effort

FERC Form #1 financial statements

- **Statutory**
 - Filed with FERC
 - Available to public through FERC
- **Basis of Accounting – FERC Uniform System of Accounts**
 - Basic accounting generally follows normal private accounting principles (FASB)
 - Statutory forms
- **Audit comments**
 - Focus on statutory reporting requirements/leverage primary audit
 - Net difference - \$.5 million

**FERC FINANCIAL REPORT
FERC FORM No. 1: Annual Report of
Major Electric Utilities, Licensees
and Others and Supplemental
Form 3-Q: Quarterly Financial Report**

FERC vs GASB reporting

- **Differences in net income/loss from corporate (general purpose) financial statements**
 - **Investments - all at fair value under FERC, most under fair value for corporate (\$2.2 million lower investment income for FERC)**
 - **Post-employment medical plan - different actuarial valuation under FERC (\$0.3 million lower expense for FERC)**
 - **Debt - different treatment of debt issuance costs under FERC (\$1.4 million lower expense for FERC)**
 - **Net loss - \$.5 million higher loss for FERC than corporate**

FERC vs GASB reporting, continued

- Significant differences between corporate and FERC financial statement footnotes
 - Generally reduced disclosures, no requirement for MD&A
 - Additional fair value disclosures
 - Additional schedules required by FERC (unaudited)

Key audit areas

Contingencies:

- Exposure to ISO comes from three sources
 - Market based adjustments; disputed charges
 - GMC could be contingent
 - Non market issues - corporate exposure as employer
- Key Representation
 - Management believes any settlements would likely be resettled against the ISO's markets (not from the ISO) except as it relates to the September 8th event
 - In 2013, management recorded a \$2 million liability based on Management's assessment that a liability is probable to resolve the September 8th event
- Disclosures include:
 - Refund case stemming from energy crisis, Market disputes and September 8th events

Key audit areas, continued

Other key audit areas:

- Determination of fair value for non-traded investments
- Risk of management override of controls – presumed risk (not ISO specific)
- Cash held for market participants and related liabilities
- Long-term debt refinancing transaction
- Fixed assets, and related depreciation
- GMC revenues

Required communications

There were no:

- Significant changes to the planned audit strategy or the significant risks initially identified
- Disagreements with Management
- Significant issues discussed prior to retention
- Significant difficulties encountered during the audit
- Identified irregularities, frauds or illegal acts
- Related party transactions, except as disclosed in the notes to the financial statements

Audit adjustments:

- One adjustment to the financial statements was identified during the performance of our audit procedures and relates to an out-of-period correction to depreciation expense
- There were no uncorrected errors

Required communications, continued

Internal controls:

- Scope of audit does not include an opinion on internal controls, which differs from SSAE 16 audit that we perform over market systems
- We are required to report to the Audit Committee any
 - Material weaknesses
 - Significant deficiencies
- No material weaknesses were identified during the course of our audit procedures; however, we have identified a significant deficiency in internal control over financial reporting related to the out-of-period depreciation adjustment.
- We have shared controls related observations and recommendations with management in the context of continuous improvement

Required communications, continued

Other topics:

- Auditor's responsibility
- Significant accounting policies
- Management judgments and accounting estimates
- Significant risks and exposures
- Material uncertainties related to events and conditions
- Other information in documents containing reviewed financial information
- Consultations with other accountants
- Other material written communications
- Other matters

Independence

- **Key element of audit relationship**
- **Numerous core processes in place to monitor compliance with PwC independence rules**
 - **Annual compliance**
 - **Annual training**
 - **Firm monitoring**
- **Individual audit independence and objectivity is manifested in numerous ways**
 - **Partner rotation requirements for ISO are more strict than required**
 - **Risk management oversight procedures**
 - **All individuals verify independence for each engagement**

Closing

- **The audits were completed on time and in accordance with our plan.**
- **High level of commitment and cooperation of accounting and other staff is greatly appreciated**
- **PwC encourages communication and feedback from the Audit Committee**
