Timeline for regional integration activities

Note: Designed to allow PacifiCorp to obtain state regulatory approvals before the end of 2017

ISO Stakeholder Engagement Process

This diagram represents the typical process, often phases will run in parallel.

Current Stakeholder Initiatives - Regional

Transmission Access Charge Options

This initiative considers whether the existing revenue recovery mechanisms would be appropriate should a transmission owner with a load service territory join the ISO as a participating transmission owner. This initiative began with an issue paper in late October 2015.

Upcoming activities:

*This initiative's schedule has been extended and the ISO is targeting approval from the ISO Board of Governors in August 2016.

- May (TBD) – The ISO will publish a revised straw proposal
- (TBD) – stakeholder meeting on revised straw proposal
- (TBD) – stakeholder comments due on revised straw proposal

Note: A revised schedule will be posted in the near future.

Current Stakeholder Initiatives – Regional

Regional Resource Adequacy

This initiative evaluates whether the existing resource adequacy tariff provisions are appropriate for use in a regional ISO balancing authority area that encompasses multiple states. This initiative began with an issue paper in early December 2015.

Upcoming activities:

*This initiative's schedule has been extended and the ISO is targeting approval from the ISO Board of Governors in August 2016.

- April 13 – The ISO published the revised straw proposal
- April 21 - Stakeholder meeting on revised straw proposal (Salt Lake City)
- May 4 - Stakeholder comments due on revised straw proposal

Note: These dates are tentative until confirmed by a market notice.

Current Stakeholder Initiatives – Regional

Metering Rules Enhancements

This initiative will review existing metering requirements and propose possible revisions to accommodate the growth in renewables, energy storage and distributed energy resources; technology advancements, developer interest in new and complex metering configurations; expansion of regional markets through the energy imbalance market; and, the potential integration of other balancing authority areas into the ISO balancing authority area.

Upcoming activities:

The ISO is targeting approval from the ISO Board of Governors in August 2016

- April 19 – The ISO will publish a revised straw proposal
- April 26 - Stakeholder call to review the revised proposal (webconf)
- May 10 - Stakeholder comments due on straw proposal

Note: These dates are tentative until confirmed by a market notice.

Upcoming Stakeholder Initiatives (Tentative dates)

Greenhouse Gas Compliance

This initiative will review potential changes to the existing EIM approach for tracking GHG compliance obligations needed to support an expanded ISO balancing authority area that encompasses states outside of California

Upcoming activities:

- Targeted to start in Q2 of 2016

Full Network Model Enhancements – Targeted to start in July 2016

Note: These dates are tentative until confirmed by a market notice.

SB350 update on upcoming activities

Study Work:

- April 25 - preliminary study results targeted to be posted
- April 27 & 28 - 2-day stakeholder meeting to discuss preliminary results (Folsom, CA)
- May 13 – Comments due

February 8 meeting presentations and audio recordings are available at:

<http://wwwpub.oa.caiso.com:21083/Pages/documentsbygroup.aspx?GroupID=8163E112-AF86-4AEA-91AC-3F197148F219>

SB350 governance modifications

- May 6 – the California Energy Commission will host a Regional Grid Operation and Governance Discussion
- For more information visit the CEC website at:
<http://www.energy.ca.gov/calendar/index.php?eID=2663>

Daily Briefing

Last month, the ISO announced the launch of its Daily Briefing

- a digest version of market notices posted each day
- designed to keep you informed in a single email
- quickly access the content you're interested in reading
