## Updates to the ISO Planning Standards

Catalin Micsa  
Senior Advisor Engineer  
Regional Transmission North  
July 17, 2018

# Scope of Changes to ISO Transmission Planning Standards

- The ISO is proposing to modify the ISO Planning Standards for non-BES facilities under ISO control.
- Acknowledge pre-existing planning practices not previously codified in the ISO Planning Standards as follows:
  - LCR Technical Criteria as defined in ISO Tariff section 40.3.1.1
  - Required Maintenance

# Schedule for Revision to ISO Planning Standards

Date	Action
July 10	Post issue paper/straw proposal
July 17	Stakeholder web conference
July 31	Stakeholder comments due end of day
August 7	Incorporate comments
September 5-6	ISO Board meeting

# Questions?

**Your comments and questions are welcome.**
