

## Brad Albert

General Manager of Resource Management  
Arizona Public Service Company  
[bradley.albert@aps.com](mailto:bradley.albert@aps.com)  
602-250-2347

### Resume:

Brad is responsible for long-term resource acquisitions of both conventional and renewable resources, fuel procurement activities including long-term coal supply contracts and natural gas pipeline transportation contracts, and all energy commodity trading activities for APS. APS is a vertically-integrated electric utility with service territory covering 11 of Arizona's 15 counties. Mr. Albert has been with APS for 29 years and has had a variety of responsibilities including within the areas of resource planning, resource acquisitions, risk management, energy trading and nuclear power plant licensing. He has extensive experience managing large organizations as well as projects. Large projects include development and procurement of over 700 MW of utility scale solar and wind generation projects. He has also been involved in the competitive wholesale markets in the West from the early stages in the 1990s through today. Mr. Albert received his Bachelors of Science in Mechanical Engineering from New Mexico State University. He also holds a Masters of Business Administration degree from Arizona State University.
