

result from, among other things, planned and unplanned transmission facility outages; bid insufficiency in the Ancillary Services and Real-Time Energy markets; and location-specific requirements of the ISO. All costs incurred by the ISO for such dispatch instructions necessary as a result of a transmission facility outage or in order to satisfy a location-specific requirement shall be payable to the ISO by the Participating Transmission Owner in whose Service Area the transmission facility is located or the location-specific requirement arose. All costs incurred by the ISO for such dispatch instructions other than for a transmission facility outage or a location-specific requirement shall be payable to the ISO by all Scheduling Coordinators in proportion to their metered Demand (including exports). To the extent that the ISO has procured such services on a Zonal basis, the ISO will allocate the cost of such dispatch orders to all Scheduling Coordinators in the applicable Zone in proportion to their metered Demand (including exports).
