Dear Ms. Davies:

On July 18, 2013, the California Independent System Operator (CAISO) filed Certificates of Concurrence with respect to various Large Generator Interconnection Agreements (LGIAs) that the CAISO has entered into with various parties. The CAISO requests that the Certificates of Concurrence be accepted for filing effective as of January 1, 2013, consistent with the effective date requested by Southern California Edison Company (SoCal Edison) in the filing of revisions to the LGIAs.¹ Waiver of the Commission's notice requirements pursuant to section 35.11 of the Commission's rules and regulations (18 C.F.R. § 35.11) is granted,² and the Certificates of Concurrence are accepted for filing, effective January 1, 2013, as requested.

¹ The CAISO states that SoCal Edison submitted for filing revisions to the LGIAs on February 4, 2013, in Docket No. ER13-875-000. By letter dated March 12, 2013, SoCal Edison's revisions to the various LGIAs were accepted for filing, effective January 1, 2013.

The filing was noticed on July 18, 2013, with comments, protests, or interventions due on or before August 8, 2013. No protests or adverse comments were filed. Notices of intervention and unopposed timely filed motions to intervene are granted pursuant to the operation of Rule 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.214). This acceptance for filing shall not be construed as constituting approval of the referenced filing or of any rate, charge, classification or any rule, regulation or practice affecting such rate or service contained in your tariff; nor shall such acceptance be deemed as recognition of any claimed contractual right or obligation associated therewith; and such acceptance is without prejudice to any findings or orders which have been or any which may hereafter be made by the Commission in any proceeding now pending or hereafter instituted by or against the CAISO.
