This template has been created for submission of stakeholder comments on the second revised draft final proposal for the Reliability Services Initiative - Phase 2 that was posted on September 16, 2016. The revised draft final proposal and other information related to this initiative may be found at: <http://www.caiso.com/informed/Pages/StakeholderProcesses/ReliabilityServices.aspx>.

Upon completion of this template, please submit it to [initiativecomments@caiso.com](mailto:initiativecomments@caiso.com). Submissions are requested by close of business on **September 30, 2016**.

If you are interested in providing written comments, please organize your comments into one or more of the categories listed below as well as state if you support, oppose, or have no comment on the proposal.

1. Forced outage substitute capacity for RA resources capacity in local capacity areas. *Please state if you support (please list any conditions), oppose, or have no comment on the proposal.*

Calpine continues to fully support the proposal to allow capacity in local areas that has been sold as system RA capacity to be substituted with other system RA capacity in the event of a forced outage. The proposal is fundamentally fair in that it requires substitution with capacity similar in market value to the capacity for which it is substituting. Calpine has nothing to add to its previous comments on the proposal and does not believe that any other stakeholder has raised any new issue either in written comments or during the September 23<sup>rd</sup> call that merits further consideration in advance of taking the proposal to the board.

2. Process to update Effective Flexible Capacity (EFC) list during the year. *Please state if you support (please list any conditions), oppose, or have no comment on the proposal.*
3. RA showing tracking and notification. *Please state if you support (please list any conditions), oppose, or have no comment on the proposal.*

4. RA showing requirements for small LSEs. *Please state if you support (please list any conditions), oppose, or have no comment on the proposal.*
