

June 12, 2002

Ms. Debi Le Vine
Director of Contracts and Compliance
California Independent System Operator
151 Blue Ravine Road
Folsom, California

Dear Ms. Le Vine:

The City of Azusa (Azusa) hereby submits some revisions to its PTO application previously submitted on June 3, 2002. The revisions and the explanations are as follow:

1. Azusa misstated its Sylmar to Rio Hondo Existing Transmission Contract (ETC) MW amount.

The corrected amounts are (1) 10 MW for January through April, November, and December 2003; (2) 25 MW for May through October 2003; and (3) 10 MW year-round for CY 2004 through the termination.

2. Azusa has inadvertently left out its Pacific Intertie-COB to Sylmar/Rio Hondo Existing Transmission Contract that Azusa intends to turn over to the CAISO. Said contract is for 15 MW of unidirectional transmission service from COB through Sylmar AC to Rio Hondo for May through October 2003. The contract is attached hereto for your review.
3. Azusa has revised its TO Tariff to conform with the TO Tariff for the City of Vernon which has been accepted by FERC for filing early this year.

Attached please find (1) Azusa's revised PTO application, (2) revised Azusa's TO Tariff, and (3) Edison-Azusa Pacific Intertie Firm Transmission Service Agreement.

Concurrently, we are forwarding a copy of this application to the existing PTOs identified below:

Ms. Judi Mosley
Pacific Gas & Electric Company
Manager of Electric Transmission Services
77 Beale Street – Mail Code B13J
San Francisco, CA 94105

Ms. Anna Valberg
Southern California Edison Company
Law Department
