

Phase 2 Convergence Bidding Data Release Comments on Final Draft Proposal

Submitted By	Company or Entity	Date Submitted
Tiff Nelson 858 650-6182	San Diego Gas & Electric Co.	January 27, 2010

San Diego Gas & Electric (SDG&E) appreciates the opportunity to participate in the stakeholder process for CAISO's Phase 2 Convergence Bidding Information Release and to submit comments regarding the January 20, 2010 Final Draft Proposal.

As stated in its prior comments, SDG&E would prefer more granularity in the release of information regarding net virtual positions following the close of the Day-Ahead Market. The proposed Day-Ahead Market Summary Report in Section 4.2 of the Draft Final Proposal is acceptable on the condition that it is in addition to the existing OASIS reports on cleared physical quantities (i.e. System Load and Resource Schedules) in DA, RUC, HASP and RT Markets.
