The Honorable David P. Boergers, Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, D.C. 20426

**Re: Docket No. EC01-14-000;  
California Independent System Operator Corporation**

Dear Secretary Boergers,

In an order issued January 9, 2001 in Docket No. EC01-14-000, the Commission authorized the California Independent System Operator Corporation ("ISO") to assume Operational Control of transmission facility interests owned by the City of Vernon, California ("Vernon"). *California System Operator Corp.*, 94 FERC ¶ 62,016. The Order also noted that the Section 203 application was part of the process of Vernon becoming a Participating Transmission Owner and that Vernon must also be a party to the Transmission Control Agreement ("TCA"). The Commission required the ISO to provide prompt notification of the date the disposition of the jurisdictional assets was consummated.

On February 21, 2001, the Commission accepted Vernon's becoming a party to the TCA. *California Independent System Operator Corp., et al.*, 94 FERC ¶ 61,141. Also on February 21, 2001, the Commission accepted the ISO's Utility Distribution Company ("UDC") Agreement with Vernon. *California Independent System Operator Corp.*, 94 FERC ¶ 61,145. The Commission granted waiver of the notice requirement so both the TCA and the UDC Agreement were made effective as of January 1, 2001. Accordingly, the ISO hereby provides notice that the disposition of the jurisdictional assets was consummated on January 1, 2001.

Respectfully submitted,

David B. Rubin  
Counsel for the California Independent  
System Operator Corporation

## CERTIFICATE OF SERVICE

I hereby certify that I have served the foregoing document upon all parties on the official service list compiled by the Secretary in the above-captioned proceeding, in accordance with the requirements of Rule 2010 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.2010).

Dated at Washington, DC this 28th day of February, 2001.
