proceeding involves policy considerations under CPUC jurisdiction that affect the CAISO's markets and consumers, it implicates matters within DMM's purview. DMM actively follows policy proceedings related to the CPUC's Resource Adequacy (RA) program and long term planning processes, as changes to the CPUC's capacity procurement framework subsequently impact activity in CAISO markets. As the Independent Market Monitor of the CAISO, the DMM's views are independent and distinct from those of the CAISO. Thus, the DMM has a significant and unique interest in this proceeding, and can offer valuable experience to the Commission.

For the purpose of receipt of all correspondence, pleadings, orders and notices in this proceeding, the DMM respectfully requests that the following DMM representative be placed on the service list as a "party":
