Subject: Resource Mapping Information Available Via Non-Disclosure Agreement for Congestion Revenue Rights Study 2 and Locational Marginal Pricing Study 3B

Summary:

A correction has been made to the Non-Disclosure Agreement related to resource mapping information for Congestion Revenue Rights (CRR) Study 2 and Location Marginal Pricing (LMP) Study 3B.

Please replace Non-Disclosure Agreement (NDA) attached to the 9/28/04 Market Notice with the Non-Disclosure Agreement attached to this Market Notice for all future non-disclosure agreements regarding this matter.

Main Text:

It has come to our attention that the Non-Disclosure Agreement (NDA) delivered with the California ISO's 9/28/04 Market Notice, referenced above, contains a substantive error under Section 15 - Assignment. The paragraph has been corrected and should read in its entirety as follows:

15. *Assignment. This Agreement shall be binding upon the parties, their successors, and assigns. Receiving Party shall not assign this Agreement without the ISO's prior written consent.*

The corrected text above is italicized. The California ISO will deliver a correction letter to those Market Participants with whom the incorrect NDA was executed. For future NDAs to be executed related to this information, please use the form NDA attached to this Market Notice. A copy of the 9/28/04 Market Notice without the original attachment is attached to this Market Notice for ease of reference.
