**Re: California Independent System Operator Corporation
Docket No. ER11-2368-000**

**California Independent System Operator Corporation
Docket No. ER11-2369-000**

**California Independent System Operator Corporation
Docket No. ER11-2386-000**

**Errata to Filing of Non-Conforming Large Generator
Interconnection Agreements**

Dear Secretary Bose:

The California Independent System Operator Corporation ("ISO") filed with the Commission, in the above-captioned dockets, non-conforming Large Generator Interconnection Agreements ("LGIAs") between the ISO, Southern California Edison Company ("SCE") and three interconnection customers: Abengoa Solar, Inc. (Docket No. ER11-2368), Granite Wind, LLC (ER11-2369), and Coram California Development, L.P. (ER11-2386). The LGIAs for Abengoa and Granite Wind were filed on December 14, 2010, and the LGIA for Coram was filed on December 16, 2010.

In the transmittal letters accompanying these three filings, the ISO stated that the LGIAs were unexecuted. This is an error. All three LGIAs filed in the above-captioned dockets have been executed by all of the parties to those agreements, namely, the ISO, SCE, and the relevant interconnection customer. The ISO is filing the instant errata to make the Commission and any interveners to these proceedings aware of this fact.

The Honorable Kimberly D. Bose
