- **Management's Recommendation:** Danny Johnson, Market Policy Development

The gas resource management initiative was requested by stakeholders

- In the 2023 Policy Initiatives Catalog and Roadmap process, stakeholders requested an initiative to address gas resource concerns.
- ISO launched a stakeholder working group in July 2023 to better understand the concerns and determine appropriate next steps for an initiative.
- The gas resource management initiative was prioritized on the 2024 Policy Initiatives Roadmap, targeting a decision in Q4 2025:

		2025				2026			
		Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
Gas Resource Management		Proposal working groups	Policy development		Decision	Implementation
