Shaping a Renewed Future

# Decision on Participating Transmission Owner Applications of the City of Colton and Valley Electric Association, Inc.

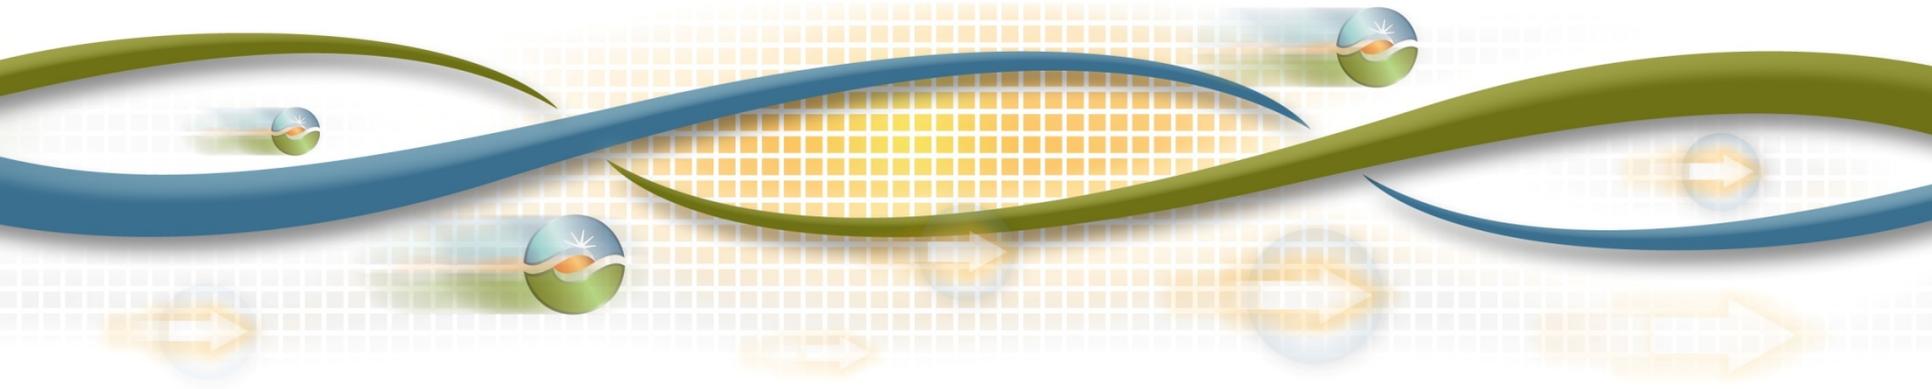

Daune Kirrene

Sr. Contracts Negotiator

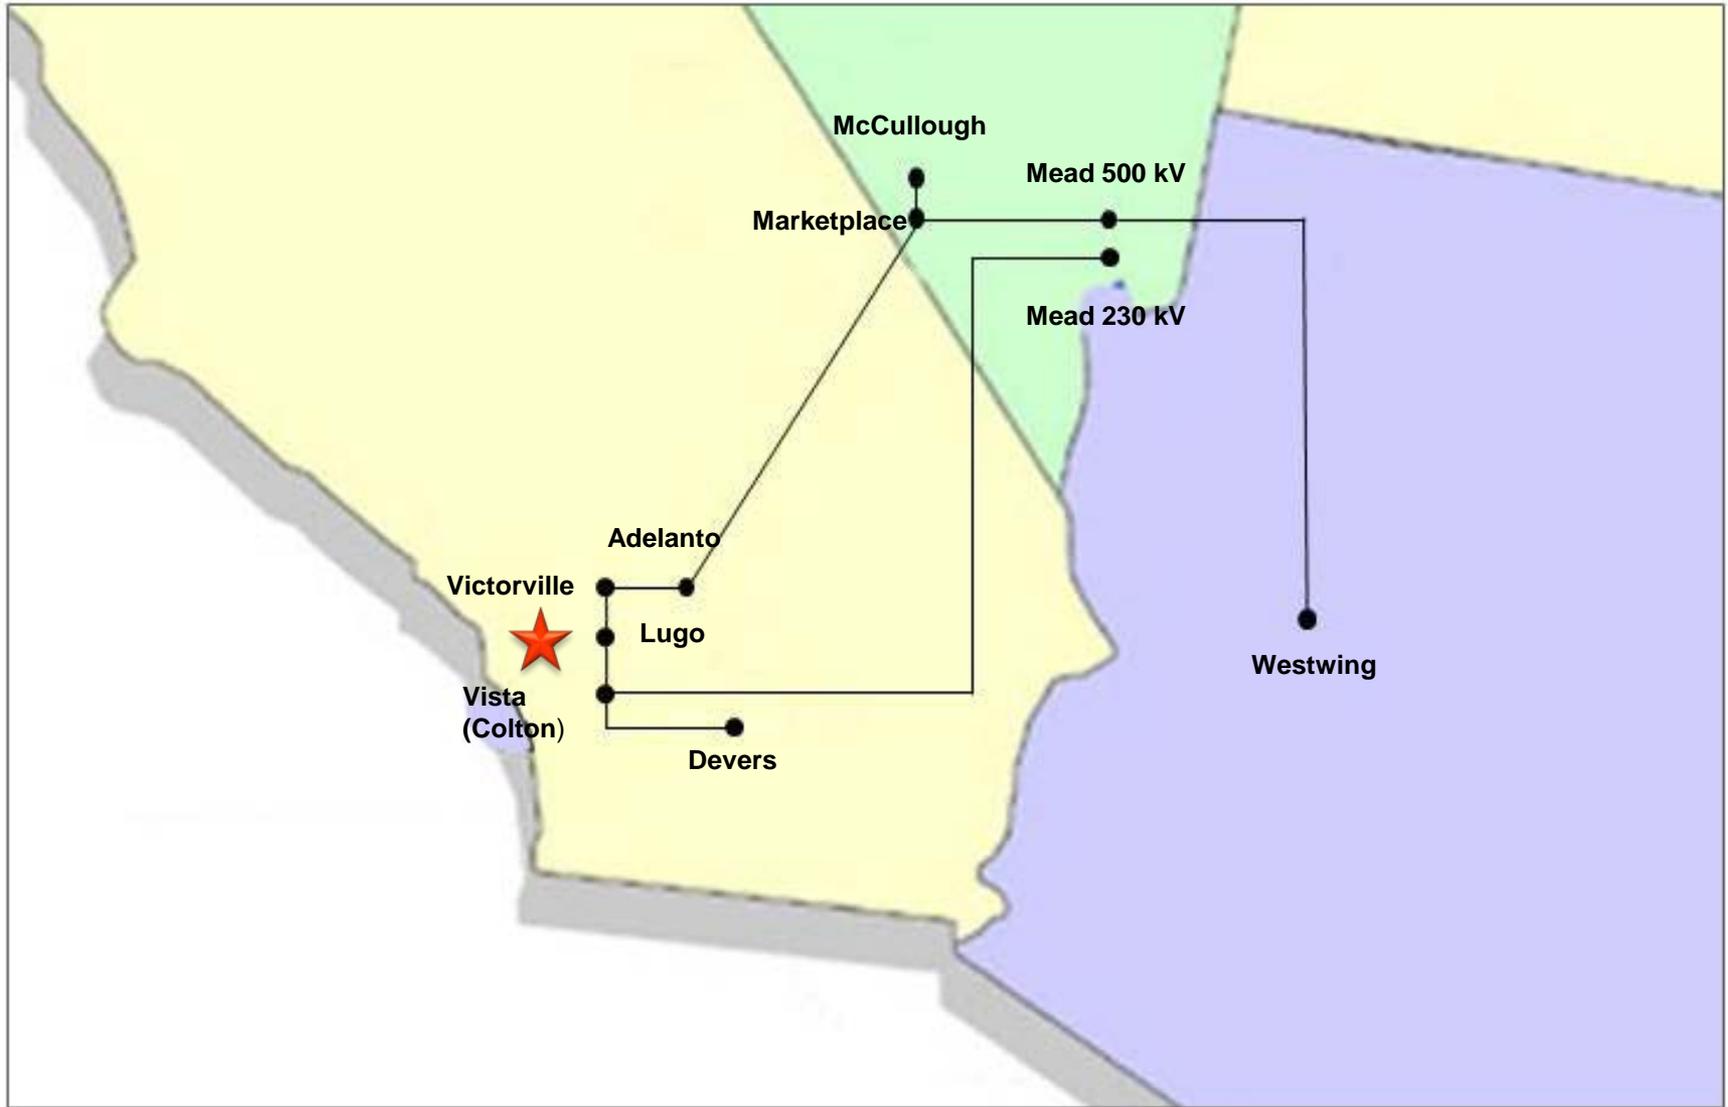

Board of Governors Meeting

General Session

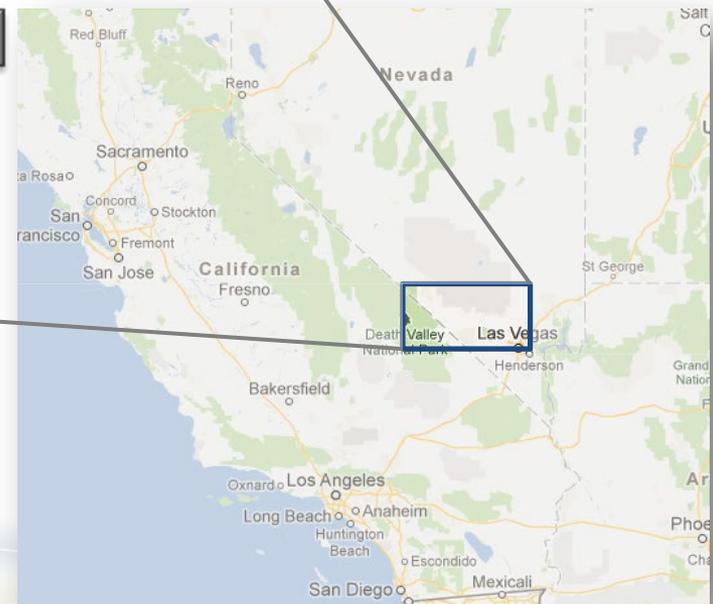

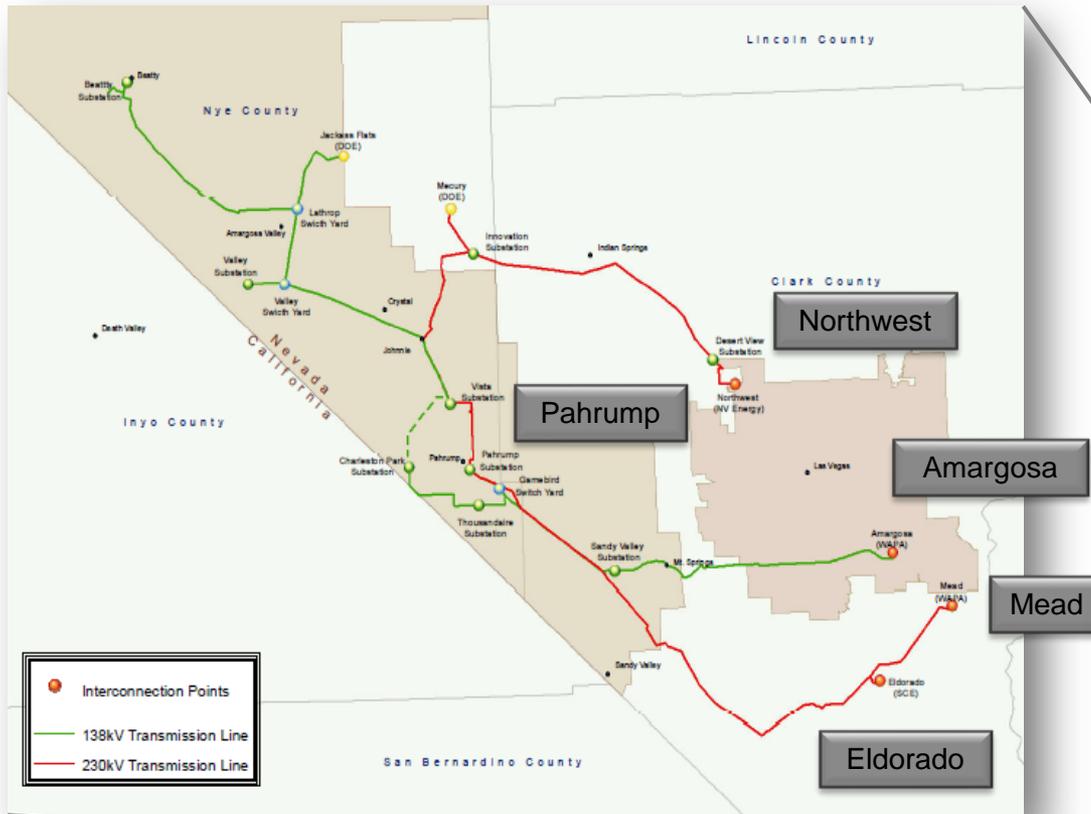

September 13-14, 2012

# City of Colton's transmission entitlements

# Valley Electric Association's transmission entitlements

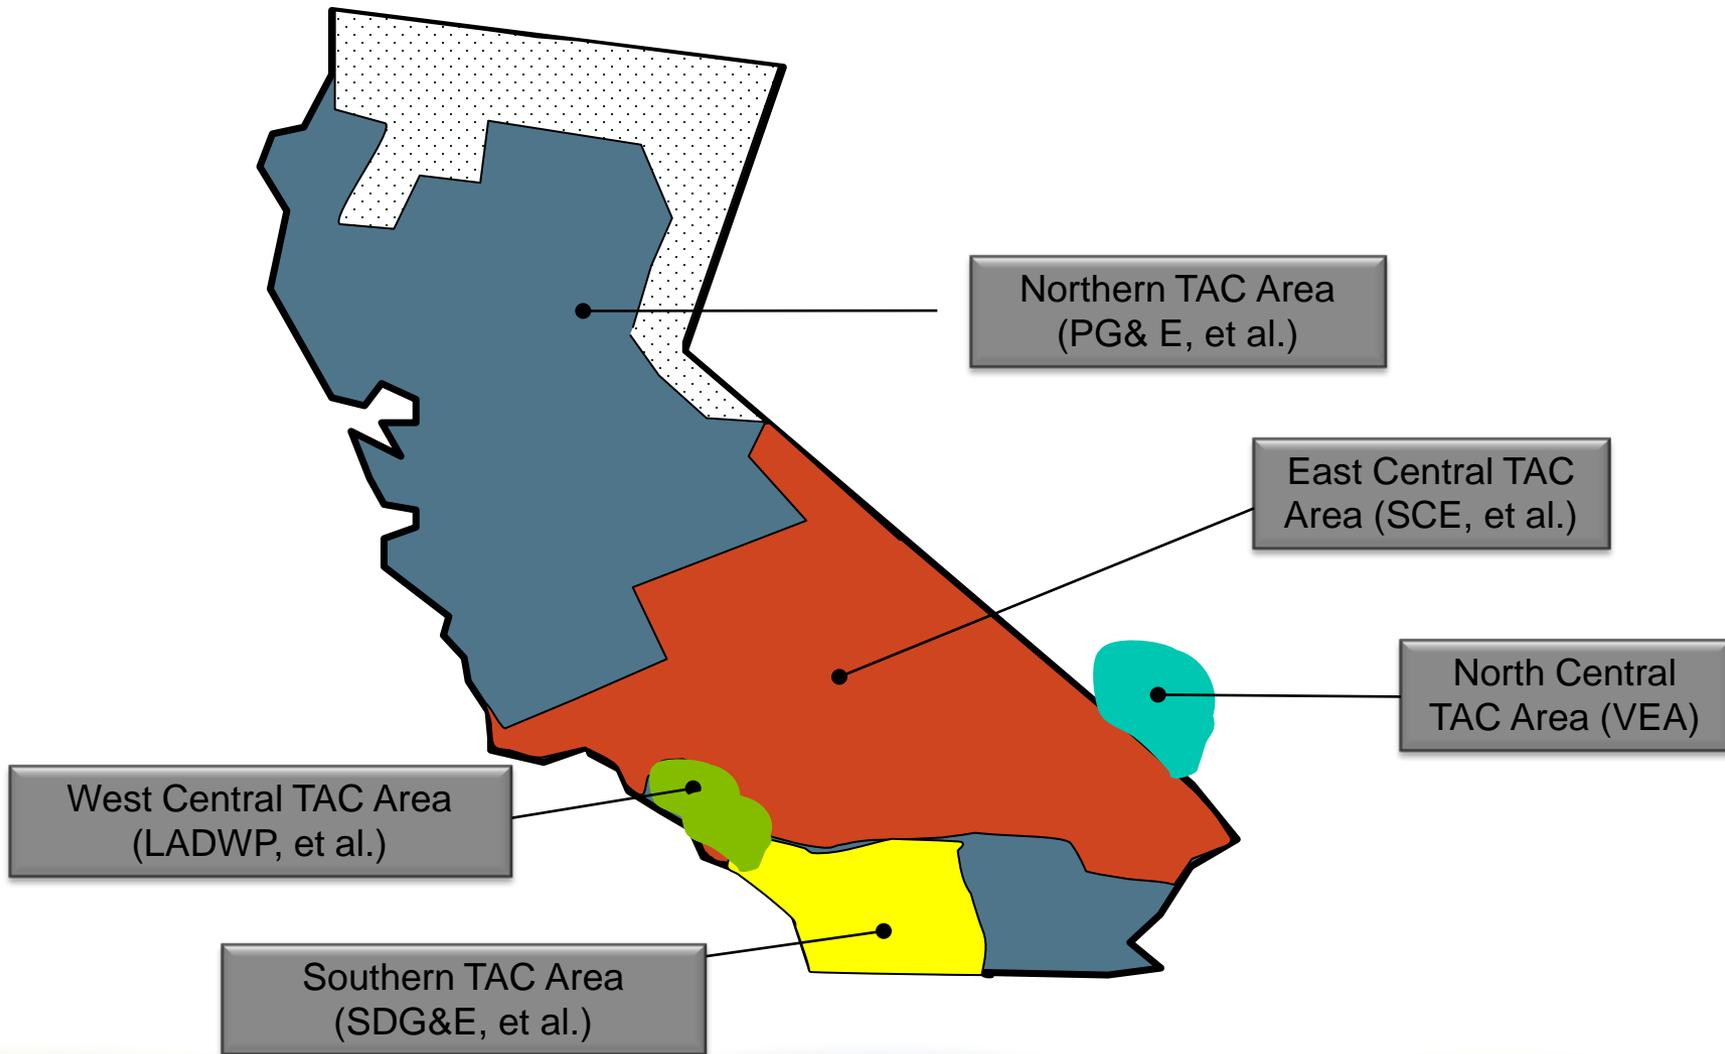

# Participating transmission owner process

- Transmission owner submits application to the ISO
- ISO posts for public comment

# Transmission Access Charge Areas

# Creation of new Transmission Access Charge area

- ISO allocates local capacity procurement costs by Transmission Access Charge (TAC) area
- Board approval of TAC areas required by the ISO tariff
- New North Central Transmission Access Charge area
  - Consisting of Valley Electric's system
  - Valley Electric's unmet local capacity procurement costs will appropriately be allocated to Valley Electric
