

The ISO intends to relinquish the following facilities from operational control.

Facilities to be Removed

SUBSTATION EQUIPMENT

Transformers: A Banks	Voltage	Justification Description	ISO Status
Devers - 1A	220/115	These facilities are to be removed from the ISO control. This is due to the Devers and Mirage 115 separation and will no longer be operated in parallel with the Integrated Network.	Y
Devers - 3A	220/115		Y
Devers - 4A	220/115		Y
Mirage - 1A	220/115		Y
Mirage - 3A	220/115		Y
Mirage - 4A	220/115		Y
Capacitors			Y
Capacitor bank #2 at Devers Substation	115 kV		Y
Capacitor bank #4 at Devers Substation	115 kV		Y
Capacitor bank #3 at Mirage Substation	115 kV		Y
Capacitor bank #4 at Mirage Substation	115 kV		Y
Capacitor bank #5 at Santa Rosa Substation	115 kV		Y
Buses			Y
Devers Substation	115 kV		Y
Mirage Substation	115 kV		Y
Farrell Substation	115 kV		Y
Eisenhower Substation	115 kV		Y
Thornhill Substation	115 kV		Y
Garnet Substation	115 kV		Y
Tamarisk Substation	115 kV		Y
Santa Rosa Substation	115 kV		Y
Concho Substation	115 kV		Y
Indian Wells Substation	115 kV		Y
Transmission Lines			Y
Concho - Indian Wells	115 kV		Y
Concho - Indian Wells - Santa Rosa	115 kV		Y
Devers - Garnet - Venwind	115 kV		Y
Mirage - Concho	115 kV		Y
Devers - Capwind - Mirage	115 kV		Y
Devers - Eisenhower - Thornhill	115 kV		Y
Devers - Farrell - Windland	115 kV		Y
Devers - Garnet - Indigo	115 kV		Y
Eisenhower - Farrell	115 kV		Y
Eisenhower - Tamarisk	115 kV		Y
Eisenhower - Thornhill	115 kV		Y
Mirage - Santa Rosa	115 kV		Y
Mirage - Santa Rosa - Tamarisk	115 kV		Y
