Reference: Compliance Filing

Dear Mr. Ulmer:

On October 22, 2010, the California Independent System Operator Corporation (CAISO) submitted for filing tariff revisions in compliance with the Commission's September 10, 2010 order conditionally accepting the CAISO's tariff revisions in Docket No. ER10-1755-000.<sup>1</sup> The CAISO's proposed tariff revisions: (1) modify the performance requirements for resources with minimum frequency response devices that request certification to provide spinning reserve, (2) specify that the CAISO will measure continuous energy from the time a resource reaches its award capacity, and (3) modify language that would restrict certain resources from submitting ancillary service bids. The CAISO's proposed tariff provisions are accepted for filing, effective September 10, 2010, consistent with the effective date assigned in the September 10<sup>th</sup> Order.

The filing was noticed on October 26, 2010, with comments, protests, or motions to intervene due on or before November 12, 2010. No protests or comments were filed. Notices of intervention and unopposed timely filed motions to intervene are granted pursuant to the operation of Rule 214 of the Commission's Rules of Practice and Procedure (18 C.F.R. § 385.214). Any opposed or untimely filed motion to intervene is governed by the provisions of Rule 214.
