## CAISO MARKET NOTICE

**Requested Client Action:** Information Only

**Categories:** Settlements and Market Clearing

**Subject:** Corrections to manual adjustments for the FERC Refund Rerun

---

### Summary:

A summary of corrections to manual adjustments for the Federal Energy Regulatory Commission (FERC) Refund Rerun will be posted on the California ISO website.

---

### Main Text:

A summary of corrections made to manual adjustments for the Federal Energy Regulatory Commission (FERC) Refund Rerun to days that had previously published has been posted on the California ISO website. Summary of Corrections to Manual Adjustments.xls can be found at:

<http://www.caiso.com/docs/2005/01/20/2005012009385510486.pdf>

The summary document contains the Trade Dates and Charge Types impacted, as well as the statement on which the corrections appear. Several corrections were published on 1/5/05, and any new corrections made will be added to this document. Please note that these are corrections to manual adjustments only, and not to system calculated records.

As Participants have 10 business days after the last publishing date of the FERC Refund Rerun to dispute any Trade Date of the Rerun Period, these manual corrections do not merit a dispute timeline extension.
