Re: California Independent System Operator Corporation

**Compliance Filing – Effective Date of the Revisions to FERC
Electric Tariff No. 7, Transmission Control Agreement**

Docket No. ER24-1701-____

Dear Secretary Reese:

On April 4, 2024, the California Independent System Operator Corporation (CAISO) submitted changes to the Transmission Control Agreement (TCA) among the CAISO and the current participating transmission owners to include a new participating transmission owner, DCR Transmission, L.L.C. (DCRT), and to make minor additional changes. The CAISO requested an effective date of these changes on June 5, 2024, with the possibility of submitting a compliance filing to revise the effective date, if other than that date. By order issued June 4, 2024, the Commission accepted these changes and directed the CAISO to submit a compliance filing to inform the Commission of the revised effective date within thirty (30) business days of the in-service date.¹

The actual in-service date of the Ten West Link Project was June 12, 2024. Accordingly, the CAISO is submitting this compliance filing to revise the effective date of the TCA changes from June 5, 2024 to June 12, 2024.²

¹ *Cal. Indep. Sys. Operator Corp.*, 187 FERC ¶ 61,134 (2024).

² Specifically, this compliance filing updates the effective date for the Tariff Records submitted in the initial filing on April 4, 2024. The CAISO is submitting the compliance filing in eTariff using Type of Filing Code – 80.

The Honorable Debbie-Anne A. Reese
