Docket No. ER20-1642-000

**COMMENTS OF
THE CALIFORNIA INDEPENDENT SYSTEM OPERATOR CORPORATION**

The California Independent System Operator Corporation (“CAISO”) respectfully submits comments in response to the April 23, 2020 request for waiver and June 1, 2020 supplement filed by Mariposa Energy LLC (“Mariposa”).¹ As Mariposa has explained in this proceeding, Mariposa attempted to submit an interconnection request during the CAISO’s annual interconnection request window (April 1 to April 15). However, Mariposa’s request was still incomplete after the close of the window, and the CAISO tariff expressly precludes curing deficiencies after the close of the window.² Mariposa requested waiver from the Commission so that it could be included in the CAISO’s 2020 interconnection study cluster. Mariposa explained that its deficiencies were the result of “a one-day delay caused by procedures adopted to address COVID-19 restrictions,” and that the CAISO supported its waiver request.³

¹ The CAISO submits these comments pursuant to Rules 212 and 214 of the Commission’s Rules of Practice and Procedure, 18 C.F.R. §§ 385.212, 385.214. To the extent the CAISO requires waiver of the deadlines to file comments out-of-time, the CAISO respectfully requests waiver. Good cause exists to grant the CAISO’s request for waiver so the CAISO can provide additional information to assist the Commission in the decision-making process, and help to ensure a complete and accurate record in the case. See, e.g., *Equitrans, L.P.*, 134 FERC ¶ 61,250 at P 6 (2011); *Cal. Indep. Sys. Operator Corp.*, 132 FERC ¶ 61,023 at P 16 (2010); *Xcel Energy Servs., Inc.*, 124 FERC ¶ 61,011 at P 20 (2008).

² Section 3.5.1 of Appendix DD to the CAISO tariff.

³ *Mariposa Energy LLC*, Supplement to Request for Waiver at 1, Docket No. ER20-16420-000 (June 1, 2020).

The CAISO continues to support Mariposa's request; however, the CAISO respectfully requests that the Commission rule on Mariposa's request by July 24, 2020. After that date, the CAISO must exclude Mariposa to begin its Phase I interconnection study for the 2020 cluster, to ensure the CAISO can maintain the study deadlines set forth in the CAISO tariff, and to avoid expending other interconnection customers' study deposits on restarting studies to include Mariposa. For these reasons, the CAISO respectfully requests that the Commission issue a decision by July 24, 2020.
