**Re: California Independent System Operator Corporation  
Annual Informational Filing – Usage of Maximum Gas Burn  
Constraint  
Docket No. ER20-273-\_\_\_\_**

Dear Secretary Bose:

On October 31, 2019, the California Independent System Operator Corporation (CAISO) filed a tariff amendment to address the effects of limitations on the natural gas system in Southern California on the CAISO's ability to operate the electric grid reliably by permanently adopting a maximum gas constraint and related tariff provisions. By order issued December 30, 2019, the Commission accepted this tariff amendment and directed the CAISO to submit annual informational filings containing information on its use of the maximum gas burn constraint, and its impacts on CAISO's markets, beginning on June 30, 2020.<sup>1</sup> This filing covers the period from the June 1, 2023 up to and including May 30, 2024, during which the CAISO did not enforce the maximum burn gas constraint.

The CAISO has served copies of this filing on all the parties to the service list for this proceeding. In addition, the CAISO is posting this filing on the CAISO website.
