Docket No. EL18-177-000

v.

California Independent System Operator
Corporation

NOTICE GRANTING EXTENSION OF TIME

(June 28, 2018)

On June 22, 2018, the California Independent System Operator Corporation (CAISO) filed a motion for an extension of time to respond to a complaint filed on June 20, 2018 (Complaint) by CXA La Paloma, LLC. CAISO states that it requires additional time, given the complexity and scope of the issues presented, to prepare its answer to the Complaint. In addition, CAISO states that CAISO personnel are currently participating in a proceeding at the California Public Utilities Commission (CPUC) that is examining matters related to the Complaint. CAISO states that its active role in the CPUC proceeding and the reforms being considered there, including their potential effect on the issues raised in the Complaint, justify providing additional time to respond to the Complaint.

Upon consideration, notice is hereby given to all parties that an extension of time is granted, up to and including August 24, 2018, for responses to be filed in this proceeding.

Secretary.
