

UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

California Independent System  
Operator Corporation

Docket No. ER10-1401-000

NOTICE OF EXTENSION OF TIME

(June 23, 2010)

On June 18, 2010 and June 23, 2010, the Bay Area Municipal Transmission Group (BAMx)<sup>1</sup> and the Western Independent Transmission Group (WITG) filed respective motions for an extension of time to file comments on the California Independent System Operator Corporation's (CAISO) revised transmission planning process filing (RTPP filing) submitted June 4, 2010 in the above-referenced proceeding. In its motion, BAMx states that it requires additional time to evaluate CAISO's forthcoming Business Practice Manual revisions that are necessitated by CAISO's RTPP filing. WITG states that because of the complexity and importance of CAISO's proposal and because WITG will have to develop draft comments for consideration by its entire membership, additional time is needed to respond to the RTPP filing. On June 21, 2010, CAISO filed an answer opposing BAMx's motion for additional time, and, on June 23, 2010, it filed an answer opposing WITG's request for additional time.

Upon consideration, notice is hereby given that an extension of time for filing comments on CAISO's RTPP filing is granted to and including June 30, 2010.

Kimberly D. Bose,  
Secretary.
