ERRATA TO THE RESPONSE OF THE CALIFORNIA INDEPENDENT SYSTEM OPERATOR TO COMMENTS ON PROPOSAL TO ASSESS INTEREST ON CERTAIN PREPARATORY RERUN ADJUSTMENTS

On May 1, 2007, the California Independent System Operator Corporation (“CAISO”) filed with the Commission an answer to comments received concerning the CAISO’s proposal, as set forth in its Thirty-third Status Report on Rerun Activity, to assess interest on preparatory rerun adjustments relating to transactions with Trade Dates during the Refund Period (October 2, 2000 through June 20, 2001). Therein, the CAISO stated that two parties, the California Parties and Puget Sound Energy (“Puget”), expressed support for the CAISO’s proposal. Williams Power Company (“Williams”) has informed the CAISO that it also supports the CAISO’s preparatory rerun interest

proposal, and has authorized the CAISO to state such in a filing to the Commission. Therefore, the CAISO makes this filing in order to inform the Commission that, in addition to the California Parties and Puget, Williams has also indicated its support for the CAISO's proposal to assess interest on preparatory rerun adjustments relating to transactions during the Refund Period. The CAISO respectfully requests that the Commission accept this filing and consider it as part of the record when ruling on this issue.

Respectfully submitted,
