Updates

There was an issue with the phone number posted for the call so this call could not be held. I apologize for the confusion and the ISO will correct the issue and hold the January 27 call.

¹ The California ISO (CAISO) hosts this bi-weekly market update conference call, generally at 10:15AM PST bi-monthly on Thursdays. This call is an opportunity for market participants to ask general questions regarding the market. Please send any questions to [CIDI system](#), which includes questions that have proprietary information and that might be commercially sensitive.
