CAISO seeks written stakeholder comments on its GMC Charge Code 4537 – Market Usage Forward Energy Discussion Paper, which was posted on August 3, 2009 at <http://www.caiso.com/docs/2002/08/02/2002080216283419989.html>.

Stakeholders should use this Template to submit written comments and or suggestions. Written comments should be submitted no later than Close of Business on Monday, August 10, 2009 to: [csnay@caiso.com](mailto:csnay@caiso.com). Comments will be posted on the CAISO website.

The subject areas upon which CAISO seeks stakeholder input are:

1. Which of the options listed in the whitepaper as a potential change to the structure of the Market Usage Forward Energy GMC Charge Code do you support?

The Modesto Irrigation District ("MID") does not have enough information regarding the alternatives on the impacts as to its transactions to formulate an opinion. It will take a quantitative analysis for MID to be able to formulate an opinion as to the different options. MID will be listening to, and participating in, the stakeholder meeting next week.

2. If none of the options presented in the whitepaper are supported, do you have an alternative proposal?

See above.
