

II. BACKGROUND

On December 30, 2002, San Diego Gas & Electric Company filed a change in rate for the Transmission Revenue Balancing Account Adjustment and its Transmission Access Charge Balancing Account Adjustment set forth in its Transmission Owner Tariff. The effect of this rate change is to reduce rates for jurisdictional transmission service utilizing that portion of the California Independent System Operator-controlled grid owned by SDG&E. SDG&E requests that this rate change be made effective January 1, 2003.

By its Notice issued January 3, 2003, the Commission established January 21, 2003 as the date motions to intervene are to be filed in the above-captioned proceeding.

III. BASIS FOR MOTION TO INTERVENE

The ISO is a non-profit public benefit corporation organized under the laws of the State of California and responsible for the reliable operation of a grid comprising the transmission systems of Pacific Gas & Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and the Cities of Vernon, Anaheim, Azusa, Banning and Riverside, California. As the operator of this grid, the ISO believes that it has a unique interest in any Commission proceeding concerning the issues raised in the captioned proceeding.

IV. CONCLUSION

For the foregoing reasons, the ISO respectfully requests that the Commission permit it to intervene, and that the ISO be accorded full party status in this proceeding.
