

II. BACKGROUND

On January 15, 2003, San Diego Gas & Electric Company (SDG&E) tendered for filing with the Federal Energy Regulatory Commission (Commission) revised tariff sheets and a request for continued authorization by the Commission for SDG&E to make wholesale power sales at market-based rates. SDG&E requests that the Commission grant certain waivers and accept for filing a proposed tariff governing sales of electric capacity, energy and certain ancillary services at market-based rates in the Western Interconnection pursuant to Section 205 of the Federal Power Act.

By its Notice issued January 21, 2003, the Commission established February 5, 2003 as the date motions to intervene are to be filed in the above-captioned proceeding.

III. BASIS FOR MOTION TO INTERVENE

The ISO is a non-profit public benefit corporation organized under the laws of the State of California and responsible for the reliable operation of a grid comprising the transmission systems of Pacific Gas & Electric Company, Southern California Edison Company, San Diego Gas & Electric Company and the Cities of Vernon, Anaheim, Azusa, Banning and Riverside, California. As the operator of this grid, the ISO believes that it has a unique interest in any Commission proceeding concerning the issues raised in the captioned proceeding.

IV. CONCLUSION

For the foregoing reasons, the ISO respectfully requests that the Commission permit it to intervene, and that the ISO be accorded full party status in this proceeding.

Respectfully submitted,
