II. BACKGROUND

As stated in the April 6, 2004 Notice of Filing, on March 31, 2004, Pacific Gas and Electric Company ("PG&E") submitted to the Commission, on behalf of itself and Southern California Edison Company ("SCE"), proposed Notices of Cancellation of PG&E Rate Schedule FERC Nos. 36 and 37 and SCE Rate Schedule FERC Nos. 38 and 39. III. BASIS FOR MOTION TO INTERVENE

The ISO is a non-profit public benefit corporation organized under the laws of the State of California and responsible for the reliable operation of an electricity transmission grid comprising the transmission systems of PG&E, SCE, San Diego Gas & Electric Company, and the Cities of Vernon, Anaheim, Azusa, Banning, and Riverside, California, as well as for the coordination of the

competitive electricity market in California. As the operator of the grid, the ISO believes that it has a unique interest in any Commission proceeding concerning the filing described above, which involves the cancellation of agreements affecting service within the ISO Control Area. Accordingly, the ISO respectfully requests that it be permitted to intervene herein with full rights as a party.

IV. MOTION TO INTERVENE OUT OF TIME

Due to an administrative oversight, the ISO failed to file this motion by the date specified in the April 6, 2004 Notice of Filing. Given the early status of the proceeding, however, no party will be prejudiced by the granting of the motion.

V. COMMENTS

The ISO supports the termination of Existing Contracts and the addition of this capacity to the ISO Controlled Grid allows use by all Market Participants.

VI. CONCLUSION

Wherefore, for the foregoing reasons, the ISO respectfully requests that the Commission permit it to intervene, that it be accorded full party status in this proceeding, and that the Commission consider the comments presented herein.

Respectfully submitted,
