

Board of Governors 4/19/2007 **Decision on Response to FERC Order on Rate Treatment for LEAPS**

MOVED, That the ISO Board of Governors approve the policy principles related to the rate treatment, interconnection and operation for the Lake Elsinore Advanced Pumped Storage project described in this memorandum dated April 12, 2007, and related attachments; and

That the ISO Board of Governors authorizes management to make all appropriate and necessary filings with the FERC in support of such policy proposals.
