

UNITED STATES OF AMERICA  
FEDERAL ENERGY REGULATORY COMMISSION

California Independent System  
Operator Corporation

Docket No. ER03-1046-000

NOTICE OF EXTENSION OF TIME

(July 23, 2003)

On July 21, 2003, the California Generators<sup>1</sup> and the Independent Energy Producers of California (together, "Parties") filed a joint motion for an extension of time for the filing of interventions and protests in response to Amendment No. 54 to the California Independent System Operator Corporation (CAISO) Tariff, filed July 8, 2003, in the above-docketed proceeding. In their motion, the Parties state that, due to the length and complexity of CAISO's filing, additional time is needed to prepare and file comments. The motion also states that an extension of time will not place any undue burden on the CAISO. Further, the Parties' motion states that granting additional time will ensure that all stakeholders are allowed adequate time to review the proposed changes to the Tariff and to provide the Commission with substantive comments.

Upon consideration, notice is hereby given that an extension of time for the filing of protests and comments in response to the CAISO July 8, 2003 filing is granted to and including August 12, 2003, as requested by the Parties.

Magalie R. Salas  
Secretary
